HOW IT WORKS

- 01 Apply and sign the referral agreement**
Submit the application. Our team reviews your profile and reaches out to qualified partners. Once approved you receive a simple referral agreement outlining the commission terms.
- 02 Make the introduction**
Introduce your contact to Konzortia Capital. We handle everything from there — investor materials, the data room, and the investment process. You do not need to sell or advise. Just make the connection.
- 03 Get paid when funds clear**
When your referred investor's funds clear, your 5% cash commission is processed. The minimum referred investment is \$10,000, meaning the minimum commission per introduction is \$500.

WHO THIS IS FOR

- Professionals with Investor Networks**
Accountants, attorneys, financial advisors, and consultants who work with high-net-worth individuals and business owners looking for alternative investment exposure.
- Entrepreneurs and Operators**
Founders, executives, and operators who move in circles where accredited investors are common — startup communities, angel networks, and business associations.
- Community Builders and Connectors**
Naturally well-connected people who take pride in making introductions that create value for both sides. If you know someone who should hear about this, we want to talk.
